AN INTERNATIONAL HYMN.

The following hymn has been written for the International Council of Nurses by the Sister of the Founder :

"With Unity of Purpose Serving Thee."

Healer Divine, all we from many lands,
With unity of purpose, serving Thee,
Crave, earnestly, acceptance at Thy hands
Of the true Sisterhood we strive to be.

Fain would we follow humbly in Thy wake,
Wide spreading armies with a single aim,
Our legions battling but for Mercy's sake
Beneath the banner of Thy sacred name.

Grant us the sympathy, the skilful hands,
The vigilance that fails not day nor night,
And over all things else our cause demands
Thy blessing on the issue of the fight.

So when the foeman creeps within the line,
Lord, at Thy bidding, help us to stand fast,
And in the strength and patience which are Thine
To hold his menace back unto our last.

And when the Darkness falls, or soon or late,
Help us to smooth the roughness of the way
For those who pass beyond a narrow gate
That opens to the light of Perfect Day.—C.B.M.
