

Of special interest to Matrons and Nurses.

This well-illustrated booklet, sent free on request, includes six special designs of distinctive semi-uniform dresses suitable for any material and for general or special occasions.

We have many other designs in our Showrooms which are easily adaptable to special requirements of form or colour preference.

Ask for Book C and state material and colourings preferred.

THE DRESSMAKING DEPT. has won golden opinions on all hands and our Customers assure us that we give unique service. Dresses are stylishly cut, beautifully made and finished, a delight to behold and a pleasure to wear. We specialise in semi-uniform dresses in Silks, Repps, Gabardines, Alpacas, etc.

Our well-known "Unique" Overalls, tailor-made to individual measures, are extremely comfortable and look as well as they wear. Made in White Drill and in many other materials, they outlast ordinary ready-made Overalls and are thus more economical.

Price from 24/- each; a reduction is made on four and upwards.

Baby's Skin

A BABY POWDER should be absorbent and drying and prevent irritation and chafing. Stearate of zinc is not absorbent. It repels water. Starch is not a good protection when dry and when wet turns rancid quickly.

Johnson's Baby Powder contains neither. It is a talc powder. In fact, it is the finest talc procurable with the addition of boracic—to render it antiseptic—and a very mild perfume.
