

THE INTERNATIONAL COUNCIL OF NURSES.

As we go to press the Board of Directors of the International Council of Nurses are in session in Montreal, and they have a stupendous Agenda before them. We on this side await decisions referred to the Grand Council with eager interest. Who will be elected our next President? Who will be first and second Vice-Presidents? Miss Musson will be Treasurer—by no means a sinecure—and Miss Reimann, Secretary, as there are no second nominations for these positions—and where will our next International be held?

APPLICATIONS FOR MEMBERSHIP.

Our International is now constituted by the affiliation of nineteen National Associations of Nurses—and still they come. We are specially pleased to learn that the Swedish

we may do honour to these two great heroes of imperishable fame.

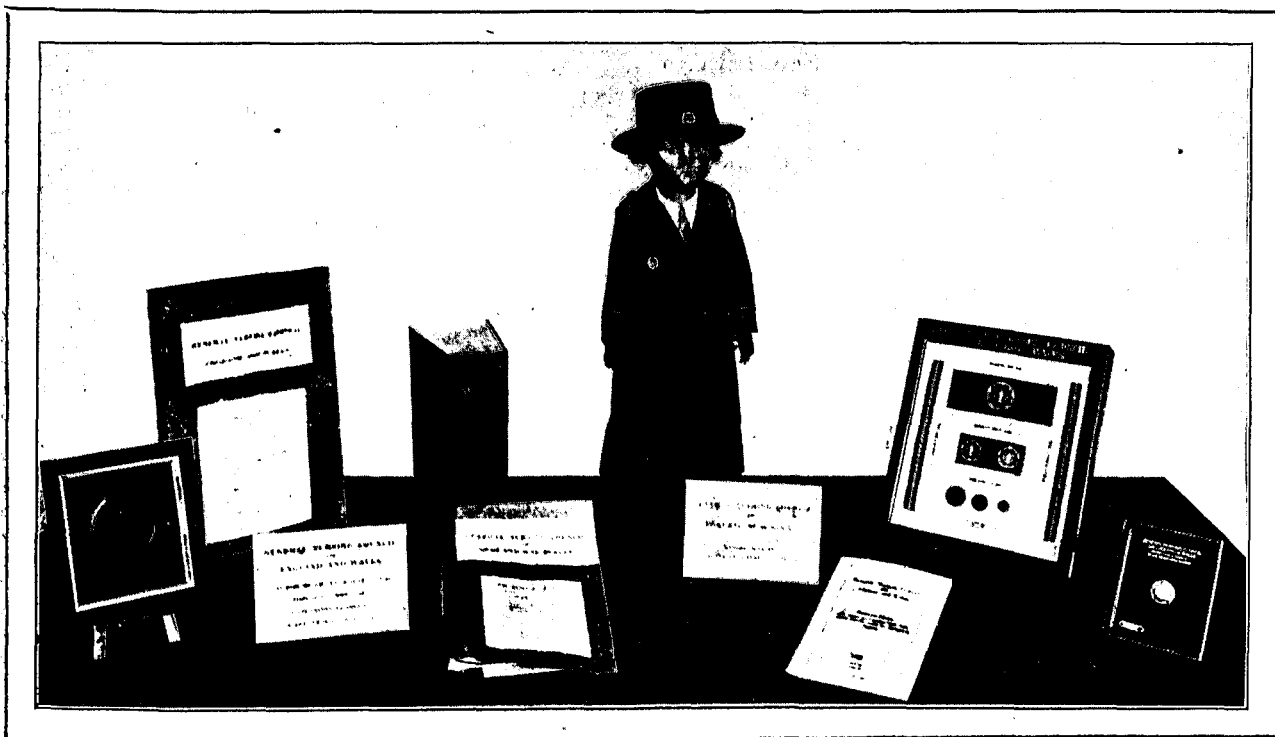

Miss Davy travelled on the *Ascania* so that she might spend a few days in Quebec before attending the Congress in Montreal.

THE G.N.C. EXHIBIT.

We have to thank the Registrar of the General Nursing Council for England and Wales, for the excellent photograph of the exhibit to be placed in the section of the National Council of Nurses of Great Britain at Montreal, which is being carefully conveyed to Canada by the Chairman, Miss E. M. Musson.

The exhibit consists of:—

- (1) Doll dressed in the State Registered Uniform.
- (2) Case containing registered parts of the uniform—Hat-band, woven badges, braid and buttons.
- (3) Case containing Silver Badge.
- (4) Wax Impression of the Seal of the Council.

INSTRUCTIVE EXHIBIT OF THE GENERAL NURSING COUNCIL FOR ENGLAND AND WALES.
The Seal. Documents. The Nurses' Register. State Uniform. Badge, Braid, and Buttons.

Nurses' Association, the Filipino Nurses' Association, the Graduate Nurses' Association of Greece, and the Association of Graduate Nurses of Brazil, are all making application at Montreal for affiliation with the International, and from perusal of their Constitutions all appear in order and will no doubt be admitted with acclamation to take part in the Nurses' Parliament of the world.

LEST WE FORGET.

By the special wish of the President it is hoped to place a wreath of laurels at the foot of the Wolfe and Montcalm Monument at Quebec, and this honourable duty has been deputed to Miss Isabel Mary Grace Davy, S.R.N., Fellow of the British College of Nurses, trained at St. Bartholomew's Hospital.

Mr. L. T. Lemieux, Agent-General for Quebec, has interested himself in the most kind manner in this matter, and has enlisted the sympathy of the Mayor of Quebec so that

- (5) Copy of the Register of Nurses for 1929.

- (6) Files containing the Rules framed by the Council, Syllabi, Charts, etc., all Examination Forms, Admission Cards, etc.

The badge on the Uniform Coat is a miniature silver replica of the State Registered Badge on the right-hand side of the picture.

The little exhibit which was on view at 20, Portland Place, the Headquarters of the General Nursing Council for England and Wales, was charming, dominated, of course, by the monumental Register of Nurses.

In the long list supplied to us of those nurses going to Montreal in the *Alaunia* a few errors have crept in. It was stated that Miss M. V. Lindall was Matron of the Victoria Hospital for Sick Children, Hull. Miss M. Kennedy is Matron of that institution and Miss Lindall, Matron of the Hospital for Women and Children, Leeds.
