

Used in the same way as the above this meets a decided want. *Marmalade*: This is a delicious article, not too "stodgy," and yet of substance enough to spread; is made from perfectly pure materials, and will be appreciated by everybody who tries it. Messrs. Moir and Sons are to be congratulated upon their enterprise, and the undoubted standard quality of their manufactures; every Nurse, every invalid, and every medical practitioner, as well as every householder, should be familiar with them.

NIGHT-LIGHTS (Broad's Patent Night-Light Company, Limited, Glengall Road, London, S.E.; and 9, Kilvert's Buildings, Withy Grove, Manchester).—The "Madonna" Night-Light (in boxes of twelve, to burn five hours; of ten, for seven hours; and of eight, for nine hours each) does not require a glass, but can be burned in any of the usual night-light glasses and lamps. The "Eclipse" (in the same size boxes, and to burn the same number of hours) are to burn in a glass without any water. The "Nation" (the same size boxes and number of hours) are to burn as any ordinary night-light. They are all provided with braided wicks, and are made of only first-class materials. They give a large, clear, and bright light, are devoid of smell, and easily

lighted—three of the chief essential qualities of a first-rate Night-Light.

TIMBURY'S PURE VOLATILE EUCALYPTUS OIL (distilled by Timbury's Eucalyptus Oil Co., Gladstone, Queensland; and 124, Clerkenwell Road, London, E.C.), is particularly appropriate to the present season, when everyone has either had, or has been scared by, influenza. Eucalyptus Oil appears to be the chief remedial agent relied upon by the medical profession, and is used with unsparing hands. The Timbury Oil is remarkable for its volatility and absolute perfect distillation, being entirely free from foreign matter. Sprinkled about the sick room, used with a spray, or a few drops placed in the water in the wash-hand basin, it is refreshing, and should become, as it deserves, most popular among our readers. It is non-poisonous, of course, and therefore can be used with perfect safety anywhere.

MUSTARD LEAVES.—(Messrs. Rigollet & Co., 47, Southwark Street, London, S.E., and 24, Avenue Victoria, Paris.)—These most convenient articles are so well-known as not to require commendation at our hands. It is claimed for them that they are cleanly and simple in application; always ready for immediate use; easily

# RIZINE! RIZINE! RIZINE!

The most nutritious and digestible Food for Children and Invalids of all ages ever introduced to the notice of the public.
