ROOT'S CUCA COCOA AND CHOCOLATE.

"Your Cuca Cocoa is, in my opinion, a most invaluable beverage. It is a nerve, blood, and muscle tonic of high value. It possesses remarkable restorative properties, as I can testify to from personal experience. It is a useful 'Pick Up' after illness. Its stimulating and nourishing properties render it extremely serviceable in the lying-in room, and I can strongly recommend its daily use to nursing mothers as a splendid milk-producer. It forms a capital diet for weakly children. In brief, it is the best preparation of Cocoa yet put upon the market.

"Yours faithfully—, M.R.C.P.E., &c."

"THE LANCET," Oct. 3rd, 1891.

"This is an excellent Cocoa. In this novel preparation there are contained two substances of very definite therapeutical value—a renowned restorative and a powerful stimulant and tonic."
