“DYROCK COTTAGE, PRESTWICK, AYRSHIRE,
 Nov. 16TH, 1891.

“Gentlemen,
 “Please forward a 4-lb. tin of ‘Frame Food’ Diet.
 “The sample tin you kindly sent me I tried upon my little daughter, aged seventeen months, who had become considerably emaciated from an attack of whooping-cough.
 “I am glad to say it had an immediately beneficial effect. She had been vomiting everything from the violence of the cough, but the ‘Frame Food’ Diet stayed upon the stomach, and she began to take on flesh again at once, and now is almost as heavy as she was before her illness.
 “I have formed a very high opinion of its dietetic value for invalid children.
 “You can make use of this if you like, but don’t publish my name; only my initials.
 “Yours truly,
 “W. S., F.R.C.P., &c., &c.”
