

accepted by the Matron for the Nurses' Library, where it will long serve as a record of the friendship and esteem felt for Miss Powell. The script reads as follows:—

"This Testimonial is presented to
Miss N. POWELL

by some of her friends who have worked with her in St. Bartholomew's Hospital during the years that she was Sister in charge of Luke, Mark and Hope wards. It is accompanied by a small token of esteem to which the undersigned have contributed. It is our desire to place on record our appreciation of the devoted service that Miss Powell has given, both to St. Bartholomew's Hospital and to all the patients who have been under her care.

"Miss Powell gave invaluable help to her Chiefs by her accurate observation and skilled collaboration in any investigation carried out in the wards under her charge, and those of us who worked with her as house physicians have benefited by her knowledge of nursing and medicine, her wise and kindly instruction and her interest in our personal welfare.

"We wish Miss Powell good health and happiness, and we hope that she may enjoy to the full her years of retirement."

A cheque for £51, the balance of the small Fund collected, has been given in memory of Miss Powell to the Capital Account of the Isla Stewart Memorial Fund. The income from the Fund is spent, under the direction of the League of St. Bartholomew's Hospital Nurses, for the benefit of some member of the Nursing Staff each year. It was felt that its educational object would have appealed to Miss Powell.

It will be remembered that we last month reported the bequest made by Miss Powell to the Hospital, with the express wish that the Governors should pay to each Ward Sister on May 1st and December 1st in each year for View Day and Christmas Day expenses the sum of 30/-.

LEGACIES TO NURSES.

Dr. Alexander Duncan, Medical Officer of Health for Merthyr Tydfil, who left £14,873, gave most of his property to Miss Catherine Jones, matron of Merthyr Tydfil Isolation Hospital, where he died.

Miss Edith Rose Hunt, of Hove, Sussex, left £1,000 to Nurse Alice Leveson.

Mr. Thomas Henry Stevenson, of Roundhay, Leeds, left £50 to his nurse, Grace Hannah Tattersall, if still in his service.

Mr. James George Cotton Minchin, of Wimbledon, left £50 to Miss Ward, for distribution as she shall think fit among her nurses and women workers.

THE PASSING BELL.

We deeply regret to record the death of Miss Mary Turner, Assistant Matron at Warkworth House Institution for Chronic Sick, Isleworth, on June 29th, 1933.

Although during the past year she had suffered from indifferent health, Miss Turner had returned to work and carried out her duties to within a few days of her death, when she underwent an operation and died the following day.

Miss Turner, who was a keen supporter of the British College of Nurses, received her training at Brownlow Hill Hospital, Liverpool, and was the gold medallist of her year. She was a certified midwife, and had held the posts of Assistant Superintendent; Superintendent Midwifery Sister; and Approved Teacher, "Queen's Nurses."

The interment took place in Gloucester, her home. Many beautiful flowers were sent from the patients and staff and a memorial to her memory is being placed in the chapel of Warkworth House.

Captain Sir Cecil Hamilton Armitage, K.B.E., C.M.G., D.S.O., F.Z.S., of Cirencester, left his watch, gold and platinum chain with gold match-box given to him by Florence Nightingale to Gerald Nicholson.

THE TERRITORIAL ARMY NURSING SERVICE.
