LONDON CLINIC AND NURSING HOME.

HIGH COURT ACTION.

Mr. Justice Maugham, in the Chancery Division, on February 20th, adjourned for two weeks a petition presented by Harrods, Ltd., Brompton Road, for the compulsory winding up of the London Clinic and Nursing Home, Harley Street, and Devonshire Place.

The home, which is the largest of its kind in the country, cost £430,000 to build and equip. It accommodates 200 patients and was opened about fourteen months ago.

Mr. J. B. Lindon (instructed by McKenna and Co.), for the petitioners, said they were creditors for £3,496. The petition was opposed by the Equity and Law Life Assurance Society, secured creditors for £200,000, and Humphreys, Ltd., who were creditors for £57,000, of which £51,000 was secured. The petitioners were supported by creditors for

£2,141.

The opposition was based on the fact that the property was in the hands of a receiver appointed by the Court, and it was said that a winding-up order would injure the good-will. Petitioners contended that, as unsecured creditors, they were entitled to a winding-up order. Negotiations for an arrangement to be made with the creditors had broken

Mr. J. L. Stone (instructed by Rooper and Whateley), for the opposing creditors, said the receiver had been given liberty to manage the home until March 27th. There was evidence to the effect that, if the nursing home were closed down, the building might become derelict. It was desired to sell the business as a going concern.

His lordship asked whether there was any reasonable hope of selling the premises for £300,000.

Mr. Lindon: I cannot say.

In adjourning the petition in order to enable the receiver to do his best to realise the property, the judge said that, unless things improved, it was probable that the closing of the home was not far distant.

OUTSIDE THE GATES.

An address was presented to the Dowager Marchioness of Dufferin and Ava on the occasion of her ninetieth birthday by the Sisterhood of the East, expressing their appreciation of the many acts of kindness done by Lady Dufferin for the women of India.

The Sisterhood of the East was started two years ago by the late Maharani of Cooch Behar to promote friendship between Eastern ladies residing temporarily and permanently in England.

Preparations are being made to celebrate at High Wycombe (Bucks) on March 12th and 13th, the bi-centenary of Hannah Ball, who founded at High Wycombe in 1769 the first Sunday school and ragged school in England. Her work was afterwards continued by the Earl of Shaftesbury.

"Alexandra Day" this year has been fixed for Wednesday, June 21st, when, in memory of Queen Alexandra, roses will be sold in the Cities of London and Westminster and the boroughs of the Metropolis in aid of the hospitals and dispensaries, in which Queen Alexandra took great interest.

Two trained nurses who had pleaded guilty to shoplifting in the West-End were sentenced to four weeks' imprisonment in the second division at Marlborough Street. They were Phyllis Evans (27) and Vivien Laurie (25), both of Carlingford Road, Hampstead. Mr. Dummett said he was satisfied the accused were on a marauding expedition.

BOVRIL, LTD.

The thirty-sixth Annual General Meeting of Bovril, Ltd., was held at River Plate House, Finsbury Circus, London, E.C., recently. The Lord Luke, K.B.E., Chairman and Managing Director, presided, supported by the Duke of Atholl, K.T., G.C.V.O., C.B., D.S.O., Vice Chairman.

After presenting a satisfactory Report, dividends were sanctioned as follows: -- 6 per cent. per annum, less income tax, on Preference Shares; 7½ per cent, per annum, less income tax, on Ordinary Shares, for the six months ended December 31st, 1932; 2 per cent. for six months ended December 31st, 1932, making 6 per cent. for the year, less income tax, on the Deferred Shares.

These figures prove that in spite of the very great trade depression which has prevailed throughout the world, the public have continued to place confidence in Bovril; especially has it been in demand during the recent epidemic of Influenza.

Bovril is well commended in the Nursing World, and is a most nourishing and stimulating beverage to nurse and patient alike; it is easily procured, and quickly prepared.

COW AND GATE MEASURES.

In order to make their service to Nurses and Mothers more complete, Messrs. Cow and Gate have introduced a remarkably efficient Mixing Measure.

It is made in the finest white enamel, with blue edging, and is graduated with scrupulous correctness in pints, ounces and table-spoons, and is especially designed so that the Cow and Gate Feeder itself fits into it, and is not likely to upset; a most convenient feature of this measure is that it can be used for warming feeding bottles, as well as for

These measures can be obtained from all chemists, com-

plete in carton, price 2s. 6d.

The repute of this firm is world famous for their Milk Food, Chocolate Milk, Peptolac, Brestol, Lacidac, Hemolac, Frailac, Feeding Bottle Nos. 1, 2 and 3, "Grip on" Teat and Valve, Feeding Spoon and Teething Ring, so that the production of this Mixing Measure will be, we feel sure, received with great interest.
