The Territorial Army Nursing Service consists of ladies trained in the nursing profession who undertake to serve in Military General Hospitals, Casualty Clearing Stations and other medical units, when the Territorial Army is embodied; the members carry on with their civil duties in peace time.

All appointments are made to the General Hospitals and the actual unit with which each member is to serve will be notified to her by the Principal Matron of the Hospital when the emergency occurs.

LEGACIES FOR NURSES.

Sir Leybourne F. W. Davidson, Huntly, chairman of Seafeld Rubber Co., Ltd., and a director of the Scottish Tea and Rubber Trust Co., bequeathed £10,000 to his executors for charitable purposes, requesting, but without creating any trust, that they should create a fund for providing pensions for hospital nurses in Scotland.

"For her care and attention in nursing me through a severe illness," Mr. Thomas Lockwood, of Ridgmount Gardens, Gower Street, W.C.1, left to Miss Gladys Jones the furniture, etc., in his flat and a number of stocks and shares.

THE PASSING BELL.

Miss Annie Steel, F.B.C.N., we deeply regret to report, died on June 2nd, 1934, at Menston, near Leeds. Miss Steel received her training at North Riding Infirmary, Middlesbrough, and owing to failing health, retired from her post as Health Visitor in December, 1933. A firm supporter of the British College of Nurses from its inception, she will be sadly missed.

The death at Chester, Nova Scotia, of Dr. Ira A. Mackay, M.A., LL.D., Professor of Philosophy at McGill University, will cause widespread sorrow amongst trained nurses in Canada. As notified on page 225 Dr. Mackay attended the Silver Jubilee celebrations of the Canadian Nurses' Association in June last and gave a remarkable address on "The Care of Life," which made a profound impression. Dr. Mackay was born of British parents in Boston, Mass., in 1875, and was appointed Professor of Philosophy and Dean of the Faculty of Arts at McGill University, Montreal, in 1923. From 1914 to 1919 he was Professor of Constitutional and International Law at McGill University. He was a frequent contributor to magazines and legal journals on problems of the Empire and general literary and philosophical subjects.

Nurses in Canada have lost, by the death of Dr. Mackay, a wise and sympathetic friend.
