In connection with some notes from a lecture on Adolescence, by Dr. J. R. Rees, M.A., M.D., republished in our last issue from the *Nursing Journal of India* we regret to learn from Dr. Rees that the diagrams inserted in illustration of the article were not drawn by him, and disapproving of the manner in which it was set out. It is always desirable when reporting a lecture by an eminent medical man to submit the notes for his approval, probably this was not possible owing to the distance at which they were published.

LETTERS TO THE EDITOR.

Whilst cordially inviting communications upon all subjects for these columns, we wish it to be distinctly understood that we do not in ANY WAY hold ourselves responsible for the opinions expressed by our correspondents.

THE COMMUNITY OF THE RESURRECTION.

To the Editor of THE BRITISH JOURNAL OF NURSING.

DEAR EDITOR,—Thank you very much for the NURSING JOURNAL which reached me this morning. But this is chiefly to say thank you for the very kindly notice you inserted about the Nursing Community, along with my letter. You say just what I like to have said, and I am sure the Community will be very grateful to you. I am just sending them the JOURNAL. It will, I am sure, help to make the Community and its work better known. If you are ever up in that direction, I am sure the Mother would be very glad to show you the place. So far we have not heard of any fresh place where the Community can have its home with hospital work, but I hope before they have to leave St. George's next Michaelmas that something will materialise.

Sincerely yours,

Priory of the Resurrection, John E. MURRAY, C.R.
 77, Westbourne Terrace, W.2.

We hope we shall receive many orders from this, and so help Sir Wilfred Grenfell's work in Labrador and North Newfoundland. With many thanks for your help and interest.

Yours faithfully,

KATE SPALDING,
 66, Victoria Street, London, S.W.1. Hon. Secretary.

PAPWORTH VILLAGE SETTLEMENT.

To the Editor of THE BRITISH JOURNAL OF NURSING.

DEAR EDITOR,—Your readers, will, we feel sure, be gratified to know that Her Majesty The Queen has honoured Papworth by expressing her personal interest in our efforts, since 1930, to assist Nurses suffering from tuberculosis, and wishes to be kept informed of future developments.

We would like to draw the attention of all members of the nursing profession to our proposal to make a special effort to raise funds in order to endow at least one bed in the new "House" to be built for Nurses requiring After-care. We shall appreciate the co-operation of all Nurses in this national endeavour to supply this urgent and long-felt need.

Yours faithfully,

K. L. BORNE, Matron.
 Papworth Hall,
 Cambridge.
