ACCORDING to the following advertisement, culled from a contemporary, trained Nursing appears to be at a discount indeed:—

NURSE-MATRON WANTED for the Sailors' Benevolent Institution, Haverstock-hill. A certificated Nurse or one who has had experience in a similar capacity preferred. Aged between 35 and 45, without family. Stipend 52 guineas per annum, with three unfurnished rooms, coals, gas, and medical attendance, but without board.—Apply by letter, with copies of testimonials, to Secretary, 9, Air-street, W.

Imagine the riotous extravagance of the Committee, and the lap of luxury in which one might loll, the proud possessor of a stipend of 52 guineas per annum, merely having to provide furniture for three rooms, food, clothing, and washing—to say

nothing of medical attendance free gratis and for nothing! One cannot imagine fell disease attempting to attack a woman so magnificently circumstanced.

* * *

I HEAR that a Matron is required for the Royal Normal College for the Blind, at Norwood, and that preference will be given to a trained Nurse. The Institution contains about 200 inmates, and it is a position in which a highly educated gentleman could find scope for much good work.

* * *

I AM glad to hear the Doll Competition has "caught on." If I was a member of the Committee, I should give a prize for the most life-like "Gamp" sent in.

S. G.

The Ways of Worcester.

AN action was tried in the Birmingham County Court, on July 21st, which is of the utmost importance to Nurses. We accordingly give the report of the case which appeared in the *Birmingham Daily Gazette* on July 22nd, and comment upon the facts in another column.
