**Price & Co.'s Patent Almond Oil Soap**

Stands unequalled for Chapped Hands, the delicate Skin of Ladies, and, above all, for Washing of Infants. Price 1/- per packet.

Every Mother should take care to possess

PRICE'S DR. FRAMPTON'S NURSERY AND TOILET POMATUM;

Recommended by the Faculty as indispensable to the Nursery, observing that none is genuine unless PRICE and CO.'s Protection Label is affixed thereto.

**Price's Violet & Millefleur Nursery & Toilet Powder.**

Prepared from the Finest British Starch. Imparts a delightful coolness to the Skin, and the Proprietors with pleasure recommend it for the Nursery. In Packets 6d. and 1/- each.

**PRICE'S GOLDEN OIL**

Is the only article for the Nursery and Toilet that produces and restores the Hair on bald places ; prevents the Hair falling off or turning grey ; changes grey hair to its original colour, frees it from scurf, and makes it beautifully soft, curly, and glossy. Ladies are requested to ask for PRICE'S GOLDEN OIL, as many Shopkeepers sell a spurious imitation, which destroys the colour as well as the growth of the Hair. Price 3/6, 7/6, 10/6, & 21/- per bottle.

TO CHILDREN IT IS INVALUABLE, AS IT LAYS A FOUNDATION FOR

**A BEAUTIFUL HEAD OF HAIR.**

The above can be had from all Chemists and Stores throughout the Kingdom.

**A NURSING HEROINE.**

THE illustrious list of adventurous travelers, to which England's sons have given more than their fair share of names, has recently been enriched by the addition of an Englishwoman and a trained Nurse — Miss KATE MARSDEN. Several of our contemporaries have described, in glowing terms, the great work in which this lady has been engaged. It is much to be regretted, however, that, in this country, little public notice has been taken of the matter compared with that which has been shown concerning it in Russia, or even in the United States, for the story is well worthy of the attention and the admiration of English men and women.

Miss MARSDEN, while at work during the Russo-Turkish war, became deeply interested in the question of the treatment of lepers, and in 1889, determined to devote her life to the care of those from whom most people shrink in horror. Inquiries showed her that in British possessions, such, for example, as South Africa, India, and Cyprus, lepers are carefully isolated for their own comfort, as well as for the public safety in order to check the spread of the disease; and within the last few years, indeed, very great advances have undoubtedly been made in this respect. Then, she heard most harrowing tales of the conditions under which lepers in Siberia are compelled to live, and straightway
