*The principle behind*  
**Wright's Coal Tar Soap**

For over 80 years Liquor Carbonis Detergens has been used and recommended by specialists in skin diseases because of its antiseptic and antipruritic powers. Today those powers are more effective than ever before, thanks to continuous laboratory research and much improved methods of manufacture. Based on this therapeutic principle, Wright's Coal Tar Soap, mild and soothing in action, gives health protection to the skin.

IDEAL FOR TOILET AND NURSERY
