For minor frets and irritations

To keep both mother and baby comfortable and free from minor skin distresses; gentle, emollient 'Dettol' Ointment is a wise, if obvious, choice. Where soreness of the breast occurs 'Dettol' Ointment usually brings rapid

relief, softening and correcting external hardening and cracking. And since it carries the active germicidal principle of 'Dettol' antiseptic, this soothing, cooling preparation has proved most effective in clearing up napkin rash.
