

G.N.84

*Skin needs care ...*

... and the regular after-wash Nivea massage is even more important than you think. Protective oils lost through constant washing are rapidly replaced as this rich water-in-oil emulsion penetrates deep into the epidermis, leaving no trace but the velvety smoothness of a supremely healthy skin.

**NIVEA**

*Eucerite, the unique ingredient in Nivea, replaces the natural protective oils of the skin.*
